

Powering Your Every Day.

Powering Your Every Day.™

Dominion Energy's mission is to provide the reliable, affordable, and increasingly clean energy that powers our customers every day.

Anchored by our core values, our focus on sustainability remains strong: We believe in protecting the environment and helping our customers, our communities, our employees, and our company thrive, today and in the long term.

Reliable

99.98%

of the time Dominion Energy Virginia customers, excluding major storms, had power in 2023 — the best performance in six years

2,000+ miles

of previously-overhead lines buried underground since 2014 (through March 2024)

20.2%

reduction in excavation damage to gas infrastructure from 2019-2023

Affordable

14% below

Dominion Energy Virginia residential electric rates, compared to the national average, as of May 2024

18% below

Dominion Energy South Carolina residential electric rates, compared to the national average, as of May 2024

17+ million

EnergyShare® contributions in Virginia, North Carolina, and South Carolina in the 2022-2023 program year

Increasingly Clean

52% reduction

in Scope 1 CO₂e emissions related to our Net Zero commitment through 2023

12+ GW

of renewable energy in-service or under development as of early 2024

2.6 GW

offshore wind commercial project, the largest offshore-wind project under construction in America.

Communities & People

0.45

OSHA recordable injury rate in 2023— 13% better than previous year and nearly 75% better than industry average

37.7%

diverse workforce representation¹ in 2023

\$46.7 million

donated to the communities where we operated in 2023

\$1.43 billion

spent with diverse suppliers in 2023
